To Whom It May Concern:

Please find the following Letter of Recommendation for Bob Taylor of Alliance Design Group Architecture, LLC.

We have worked with Bob and his firm several times previously on DeSoto County School Board projects as well as a recent design/build project for Fender Auto and Tire in Arcadia, Florida.

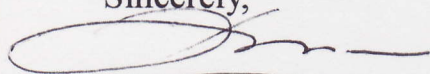

We were extremely satisfied with their ability to communicate and react to viable response times.

The Alliance Group was paramount in favorable negotiations with the building officials and fire marshal.

Overall, Bob and the Alliance Design Group was able to meet our needs by delivering the plans on time with a design criteria that matched our clients budget without any surprises at C/O.

Please feel free to call.

Sincerely,

BOB CARLTON

MYRON CARLTON
